PHARMA COURSE PORTFOLIO OVERVIEW

A Comprehensive Learning Portfolio
for the Pharma & Biotech Ecosystem

OUR OBJECTIVE

To build future-ready pharma professionals through industry-focused, practical and high-impact learning across the entire value chain.

OUR 6 LEARNING TRACKS

1. MANUFACTURING & OPERATIONS

Core focus on cGMP, production excellence, process validation, equipment qualification and facility operations.

2. QUALITY ASSURANCE & CONTROL

Quality systems, documentation, GMP compliance, audits, lab control, and continuous quality improvement.

3. REGULATORY AFFAIRS

Global regulations, submissions, CTD/eCTD, dossier lifecycle, compliance and authority interactions.

4. R&D, FORMULATION & ANALYTICAL

Drug discovery basics, formulation development, analytical techniques, method validation and stability studies.

5. BIOLOGICS & EMERGING THERAPIES

Biologics development, biosimilars, cell & gene therapy fundamentals, advanced therapies and new technology platforms.

6. LEADERSHIP & PROJECT MANAGEMENT

Leadership fundamentals, people management, communication, project execution and strategic decision making.

End-to-End Coverage | Industry-Relevant Skills | Expert-Led Learning
Stronger Careers | Smarter Pharma Future

OUR COURSES & LEARNING PATHWAYS

Phase 1 courses designed to build strong foundations across critical pharma functions and prepare you for long-term career growth.

PHASE 1: INITIAL COURSE LAUNCH (7 COURSES)

01

EU GMP ANNEX 1

Requirements for sterile medicinal products manufacture in controlled environments.

02

CAPA & RCA

Corrective and Preventive Actions & Root Cause Analysis for quality excellence.

03

DATA INTEGRITY & ALCOA+

Ensure data reliability, compliance and traceability across the product lifecycle.

04

QMS AUDITING

Quality Management System auditing principles and practices for pharma industry.

05

THERMAL VALIDATION

Principles and protocols for thermal mapping, qualification and validation.

06

FREEZE DRYING (LYOPHILIZATION)

Fundamentals, process parameters and best practices for lyophilization process.

07

ENGINEER/SCIENTIST TO MANAGER

Transition from individual contributor to effective people leader and manager.

BUILD YOUR CAREER PATHWAY

Our courses can be taken individually or as part of curated learning paths and bundles to help you progress from foundational skills to leadership excellence.

FOUNDATION SKILLS

Build strong technical knowledge

FUNCTIONAL EXPERTISE

Deepen domain expertise and practical skills

LEADERSHIP EXCELLENCE

Lead teams, manage projects and drive impact

CAREER SUCCESS

Create value. Advance faster. Achieve more.

OUR LEARNING MODEL & WHAT COMES NEXT

Industry-Led. Practice-Driven. Career-Focused.

COURSE FORMAT

Recorded
Video Lectures

Downloadable
Resources

Practical Examples
& Case Studies

Industry Recognized
Certificates

INVESTMENT PER COURSE

₹4,990/-

(Inclusive of all learning
resources & certificate)

WHAT COMES NEXT – PHASE 2 & 3 EXPANSION

PHASE 2 – ADVANCED SKILLS

- RABS & Isolator Technology
- CSV & CSA
- Regulatory Dossier Mastery
- Inspection Readiness
- GAMP® 5 Basics

PHASE 3 – SPECIALIZED & FUTURE-READY

- Biosimilars & Biobetters
- Cell & Gene Therapy Basics
- Continuous Manufacturing
- Serialization & Track & Trace
- Advanced Communication for Pharma Professionals

CONTINUOUS EXPANSION

More emerging topics and in-demand skills will be added to keep you future-ready in the evolving pharma landscape.

WHO SHOULD JOIN?

Students, Graduates, Scientists, Engineers, QA/QC, Production, Regulatory & R&D professionals seeking to build or accelerate their career in Pharma & Biotech.

WHY CHOOSE BISD?

INDUSTRY EXPERTS

Learn from subject matter experts with real-world experience.

PRACTICAL & RELEVANT

Job-oriented learning with practical insights and case studies.

CAREER FOCUSED

Designed to build competence and boost career growth.

TRUSTED BY LEARNERS

BISD – a trusted name in skill development and education.

TAKE THE NEXT STEP

Build future-ready skills.
Advance your career.
Be a part of the Pharma revolution.
BISD is with you, at every step.
